Message from the Principal

Dear students, parents & guardians,

The second term had many opportunities for our school community to come together. The newsletter pictures highlight some of these occasions and give us a clear reflection of how our events can be used as a platform to educate, learn, promote and nurture life skills.

As per our School vision, we at ZPS are “Empowering & enriching lives for future success for our students to be the Global Leaders. This is not only the lives of our students, but also the community, our parents and our teachers alongside the many good causes we support. Even more than that, it is individuals whose lives will be improved because of the young people who leave our doors and the impact they can have in the future.

- The School event at Bawadi Mall on the 4th of February challenging us as a community to come together in unity, to highlight our students’ action with “We grow with our School”, “We are the dreamers, the future leaders”. The voice of our children was empowered to drive their passion project and they created an event where they heartily smiled and acted. The next challenge is to ensure all future events focus on being environmentally friendly and sustainable. We learnt that this is a cause the youth want us to acknowledge.
- KG sections , Year 1 and Year 2 united to celebrate and give thanks to the ‘Women in our lives’ on the Mother’s Day on 21th March, 2023 .This beautiful event allowed our young people to thank the women “Mother” they hold dearest, who ensures that the young have a beautiful, safe, and positive life. It was one of the most emotional experiences I have had to date; and allowed me to reflect as a mother, the amazing women who I am eternally grateful to who have helped me on my journey. Observing the strong bonds and connections that exist, is one of life’s greatest gifts.

I also want to acknowledge the academic success of our students through the extended online support “Study Ladder tasks which have fetched them, bronze , silver, gold and platinum certificates .I am very proud of the achievements recently reported across the school. Academic success comes from creating a climate conducive to quality learning, by recruiting the best teachers and enabling them to bring learning to life. Therefore, to support our vision statement our mission highlights our ambitions ‘Our mission & values stand for creating world class learning experiences that recognize and nurture empathetic, resilient talented & responsible individuals.’ This is evident through our newsletter reflecting the meaningful activities and learning experiences in which our students are engaged for productive learning outcomes.

We have lots to look forward to over the next term, including the TIMSS standardized exam coming up for the grade 4 students on 26th April, 2023.We look forward to healthy engagement of our parents who will be welcomed for the open house wherein they can discuss the academic achievement, progress and social skills of their wards.

Welcome you all to the third and final term of the academic year.

With best wishes ,

Mrs. Saleema Mahmoodi

Principal.

WE ARE THE DREAMERS, THE FUTURE LEADERS!!!

Zakher Private School - British Division's, students get successfully involved in cultural activities, alongside their academics. It gives a boost to their self-esteem. This self-esteem helps them to face the outer world more confidently. Furthermore, they face their academic challenges in a much better way. In view of this, a school event was organized at Bawadi Mall on Saturday, February 4th, 2023.

An array of activities including magic show, art/painting, henna/ face painting and cultural program were performed by students. Parents and other invited dignitaries applauded the impeccable skills nurtured by the ZPS students! It was a day for the parents by the children!

Poem about:
MY MOTHER

My Mother ♥
is my eyes which i see the world
with, she is my heart that beats and
allows me to feel alive, she is my
Best friend that will always be by
my side. And for her love i will
always thrive.

GRADE 6 CREATIVE WRITING

How am I going to spend my Spring Break?

The second term is over and we had much fun. We enjoyed studying and playing with our friends. Now that the spring break is about to start, I plan to make it a very enjoyable holiday.

First, I am going to a spring camp where I will be spending time with my friends, play fun games, try delicious food and most importantly pray. I will also spend most of my time playing outside and practicing my football skills to become a better player.

Spring break isn't only for playing. That is why, I will also be refreshing my minds during this holiday. I will also spend time to read books with different genres and revise what I have learned during the second term. Not to forget, I will also spend some quality time with my family and go to Ajman for a family trip to strengthen our relationship. I really intend to make this the best spring break and the best holiday for myself and my family.

What is Mother's Day?

Mother's Day is a celebration honouring the mother of the family or individual, as well as motherhood, maternal bonds, and the influence of mothers in society. It is celebrated on different days in many parts of the world, most commonly in the months of March or May. It is our duty to take care of our mothers and to respect and love them. Mother's Day is celebration to make our mothers feel special and shower all our love on her.

Mother's Day is a day set aside to express love, respect and thanks to mothers. The day is observed by giving gifts, visiting, or taking mothers out for dinner and celebrations. Many other countries of the world celebrate their own Mother's Day at different times throughout the year. Out of all the moms in the world, I'm so glad that you're mine. Thank you for being there every day with exactly what I needed. Now that I'm older, I don't just feel gratitude for you—but admiration. I only hope to be a person as great as you one day.

ARABIC LANGUAGE ACTIVITIES

الروح تسمو بالقراءة حين تتعلّم الحكمة، وتتعلّم أن تُنصت أكثر من أن تتكلم، حين تستمع إلى كلام الحكماء الميثوث في كتبهم، حين تتعلّم منهم خلاصة تجاربهم في الحياة، حين تصبح لك حكمتك الخاصة بك في الحياة، حين تتوقف عن تقليد الآخرين ويكون لك نهجك الخاص، حين تشعر في داخلك أن تلك الروح ما هي إلا سحابة مسافرة عبر الأثير تنتقل بك من عالم إلى عالم، ومن بلد إلى آخر، تنتقي لك كل جليل وجميل، وتطوف في أروقة الحضارات معلنة لك أنّ العالم بأسره صار ملكك قديمًا وحديثًا..

ZPS MATH WEEK

**51st UAE NATIONAL DAY
2022**

In the Department of Physical Education, we have undertaken a lot of competitions inside and outside the school. Entering the school, we have organized a football tournament between the classes, one for boys and another for girls. We participated in interschool competition outside the school in the Madras Al-Zafer Football Championship and some external matches with the Arab section of Zakher School. We participated in the running marathon for Al-Madar School in Hazaa bin Zayed stadium, and we won 8 gold and silver medals, two cups, and a third place, and the students were honoured from Al-Madar School and also from our school.
